

23 JUL 2009

MEMORANDUM

SUBJECT: Quality Assurance Project Plan for Removal Action at Radiation – Standard Products Site (Former) 920 S. St. Francis Street Parcel; Wichita, Kansas – Approved with Comment

FROM: Diane Harris
Regional Quality Assurance Manager
ENSV/IO

TO: Randy Schademann
On-Scene Coordinator
SUPR/ERNB

The review of the subject document prepared by Tetra Tech EM Inc., dated July 17, 2009, has been completed according to *"EPA Requirements for Quality Assurance Project Plans for Environmental Data Operations,"* EPA QA/R-5 March 2001.

Based on the comments below, the document is approved with comment. Although the document satisfactorily addresses most of the key issues, minor issues were noted. These issues do not have an impact on the approval of the document, but are noteworthy of pointing out for the record.

General Comments

1. § 3.1 Assessment and Response Actions, page 3. References to Regional Laboratory SOPs for assessment and response actions related to the analytical work would not apply here since the Regional Laboratory is not doing the analyses and should be replaced with reference to the appropriate laboratory's procedures.
2. EPA approved laboratory references. Please note the references for the laboratory performing the analyses could not be verified at the time of the review.

If you have any questions, please contact me at x7258.
